

AGUINALDO HAS A PROPOSITION

In Effect the Same as Made by Luna.

GENERAL OTIS TURNS INSURGENT LEADER DOWN.

Envoy Told That It Was Useless for Filipinos to Return Until They Came Prepared to Accede to American Demands—Must Lay Down Arms and Surrender Before Any Conditions, Except That of Amnesty, Are Granted—No Further News Concerning Gilmore and Party—Colonel Funston Promoted.

Manila, May 2.—[Special]—One of the envoys sent into the American lines by Gen. Luna last week revisited Gen. Otis today and presented a proposition that came directly from Aguinaldo. It was in effect the same proposition heretofore made by Luna, that the Americans grant amnesty until the Filipino congress met and decided whether or not the Filipino army should surrender.

Otis declined the proposition and told the envoy that it was useless for the Filipinos to return until they came prepared to accede to the demand of the Americans. The Filipinos, he said, must lay down their arms and surrender before any conditions, except that of amnesty, are granted them.

The Filipino army is known to be in bad shape.

It is believed that the next step to be taken by its leaders will be a total surrender.

Contented Under U. S. Flag.

Washington, May 2.—[Special]—The following was received from Dewey this morning: "I cannot get any further information concerning Gilmore and party now. Information reached me today from Buam that the inhabitants there are quiet and contented under the United States flag."

Lieut. Gilmore has forwarded a list of men with him and reports that after their capture he and his men were brought over the mountains to the Filipino lines.

Promoted for Bravery.

Washington, May.—[Special]—The president this morning promoted Col. Funston, of the Twentieth Kansas to brigadier generalship for bravery in the Philippines.

The president's action was based on strong recommendations by Gens. Otis and MacArthur.

RESUME OFFENSIVE OPERATIONS.

Rebels Take Advantage of Temporary Truce to Strengthen Lines.

Manila, May 2.—[Special]—The Americans have resumed offensive operations.

Hale's brigade started east from Calumpit this morning, moving along the river toward Lawton's position. Lawton's men routed a considerable body of the enemy at San Rafael during the night. The American loss was one killed and five wounded. The rebels lost heavily.

A reconnoitering party sent out by Lawton, discovered several hundred of the Filipinos.

The soldiers north of Balinag are moving towards Luna's division. This would make it appear as if the rebels were taking advantage of the temporary truce to strengthen their lines.

Heavy fighting is now reported as going on between Lawton's troops and the rebels near Balinag.

Brigadier General Smith, formerly of the California Volunteers, was appointed to command the Visayan military district.

Aguinaldo's envoy informed Otis that Aguinaldo desired to surrender, but could not do so without the consent of congress.

He announces this afternoon that another conference will be held tomorrow. The Filipino forces immediately south of Manila have considerably reinforced their lines since the beginning of negotiations.

Advices from the northern part of Luzon say that they are concentrating there to oppose possible American expedition.

ELEVEN TO BE REWARDED.

Otis Sends Names of Volunteers for Regular Service.

Washington, May 2.—In accordance with the request of the president to choose from each of the volunteer regiments now in the Philippines one man distinguished for gallantry for appointment as second lieutenant in the regular army, Gen. Otis has forwarded the following names, and each will receive such a commission:

J. B. Morse, first lieutenant California Heavy artillery.

George T. Ballinger, first lieutenant First California Infantry.

Ralph B. Lister, second lieutenant First Colorado.

William R. Gibson, captain Fifty-first Iowa.

Chris A. Bech, sergeant Thirteenth Minnesota.

E. V. D. Murphy, second lieutenant First Montana.

Wallace C. Taylor, captain First Nebraska.

Rees Jackson, first lieutenant First Oregon.
Frank B. Hawkins, captain Tenth Pennsylvania.
Evan A. Young, first lieutenant First South Dakota.
William C. Webb, second lieutenant Utah Light artillery.

LOSSES IN THE WAR.

Comparison Made with the First Year of the Civil Conflict.

Washington, May 2.—A memorandum has been prepared at the war department comparing the losses in the Spanish war with the first year of the civil war.

The aggregate strength of troops employed during the war with Spain was approximately 275,000, covering the period from May, 1898 to April, 1899, inclusive. During this time the deaths from all causes were 6,190 or 2 1/4 per cent.

The mean strength for the first year of the civil war was 278,371, with an aggregate loss by deaths of 19,159, being a percentage of 6.8.

THE GOVERNMENT TAKES NO ACTION

DIFFICULT TO ESTABLISH THE CHARGE OF TREASON.

Recognized That Persons Are Trying To Do All in Their Power to Discourage the Re-Enlistment of Volunteers in the Philippines in Regular Regiments, by Sending Letters, Etc.

Washington, May 2.—[Special]—No action has been taken against any of the persons who have been sending letters, telegrams and circulars to the Philippines to discourage the enlistment of soldiers, and urging the volunteers not to enlist in the regular regiments.

While it is recognized that these persons are doing all they can to disintegrate the army, it would be very difficult to establish a charge of treason.

For Woman Suffrage.

Report Submitted to the National Association at Grand Rapids.

Grand Rapids, Mich., May 2.—At Monday's session of the National American Woman's Suffrage association Sarah Clay Bennett of Kentucky submitted the report of the committee on federal suffrage. Mrs. Bennett said: "The association, after the cessation of efforts for some years, has resumed the attempt to have women protected against state denial of suffrage by federal law under the fourteenth amendment."

It has done this because the supreme court indirectly affirmed the fourteenth amendment, and thus substantially conferred upon women the right to vote by holding that the right of suffrage was a necessary privilege of citizens of the United States."

Lillie Devereux Blake reported for the committee on legislation.

FIGHTING CEASES IN SAMOA.

Rebels Retire from Fortifications at Vaillima, Demolishing Them.

London, May 2.—A news agency dispatch from Apia, Samoa, dated April 22, and sent by steamer to Auckland, and cabled from there yesterday, says: "The rebels, since advices under date of April 18, have retired from their fortifications at Vaillima, which they demolished, together with other forts along the coast."

"There has been no further serious fighting, although some skirmishing between the rebels and friendly natives has occurred in the neighborhood of Apia."

"The British armed sloop Torch has arrived with ammunition."

REPUBLICAN CAUCUS ADJOURNS.

Atlantic City, N. J., May 2.—After two weeks' constant work in this city the finance committee appointed by the republican caucus of the national house of representatives to recommend financial legislation to the next congress completed its labors Monday.

The committee reached a unanimous decision as to what legislation it would suggest, but declined to make public just at present what the nature of it would be. The members' views will be kept secret until after the joint conference between the republicans of the senate committee, to be appointed at a caucus of the senate members to be held in a few weeks, and this committee has been held.

To Go to Relief of Lieut. Peary.

St. Johns, N. F., May 2.—The sealing steamer Hope went into dock here Monday to be thoroughly overhauled and repaired, preparatory to proceeding northward next month with an expedition for the relief of Lieut. Peary, the arctic explorer who went toward the pole last summer with a specially selected party, and who may now need assistance, as his steamer, the Windward, has been frozen in the ice since the early part of last winter.

Many Left Homeless.

Chicago, May 2.—More than 250 persons were left homeless by a fire which, starting at Cleaver and Blanche streets yesterday afternoon, swept northeast under the heavy gale and for a time threatened to wipe out every dwelling in the entire Polish district. Property valued at \$50,000 was destroyed, according to the estimates of the police and fire departments.

MAY EXHUME THE BODY OF PRINSLOW

NEW CLEW IN FOND DU LAC MURDER CASE.

Revolver with Loaded and Empty Chambers Found in a Cistern Near Where Crime Was Committed—Notaries Public, Who Wish to Retain Passes, Are Resigning.

Fond du Lac, Wis., May 2.—What is thought in police circles may lead to an important clue in the Prinslow murder case was discovered yesterday. A revolver with two loaded and four empty chambers was found at the bottom of a cistern at the home of Mrs. Eureka Meyer near the Northwestern coal sheds, in which direction there is no doubt the murderers made their escape from the city. Chief of Police Schaefer has possession of the gun. Efforts will be again made to get the consent of the widow of the murdered policeman to have the body exhumed in order to secure the bullet lodged in his body. Thus far she has denied the request.

For Relief Corps President.

Baraboo, Wis., May 2.—The name of Mrs. Belle Bliss, of Corps No. 36, this city, is being put forward for department president. Mrs. Bliss is the wife of a Union veteran. She joined the W. R. O. in 1889 and has since taken an active part in the work of the local corps. She has been president three years and is the present chairman of the relief committee. At the department convention in Green Bay in 1895, Mrs. Bliss was elected member of the council; the next year she was chairman of the executive board, this year she was appointed I. and I. officer. At the convention at Eau Claire, in 1897, Mrs. Caroline H. Belle, of Milwaukee, nominated Mrs. Bliss for president, but another candidate was elected and Mrs. Bliss was made senior vice.

Strike at Racine Averted.

Racine, Wis., May 2.—There was a little trouble the union tinners of the bosses this morning. Twenty-two of them refused to go to work until the wage and hours work was settled. A committee waited on the bosses and asked that 22 cents an hour be fixed as the minimum wages, that nine hours constitute a day's work; that time and a half be paid for work after 5 o'clock and double pay for Sundays. The bosses conceded to the demand and all of the men resumed work at noon.

Anti-Pass Law Effects.

Madison, Wis., May 2.—Executive Clerk Frazier has been busy today registering the resignation of notaries public, who wish to use passes they hold and feel that they will take no chances with the law by remaining notaries. In most of the cases applications in another name came with the resignations, indicating that lawyers and others who resign in order to continue using a pass are having clerks in their offices appointed as the notaries.

Fire in Ladies' Hall.

Madison, Wis., May 2.—A fire in Ladies' hall at the university was discovered late Saturday night by George Bents and Charles Piper, on their way home. One of the curtains in a window was ablaze. They tore the screen from another window and climbed in, and succeeded in extinguishing the blaze with small damage except to the clothes. It is supposed the fire caught from a gas jet.

Wisconsin Pensions Granted.

Washington, D. C., May 2.—Restoration and Reissue—John Groh, Menominee Falls, \$10. Increase—Henry C. Gale, Wausau, \$16 to \$24. Reissue—Oliver P. McCamish, Glenhaven, \$12. Original Widows, etc.—Luraux E. Caldwell, Adel, \$12; Ella H. Smith, Milwaukee, \$8; Fannie A. Smith, Monroe, \$5.

Bogus Stamped Cigars At Eau Claire.

Eau Claire, Wis., May 2.—Deputy Collector Brace today seized a quantity of cigars in boxes bearing counterfeit stamps from the North District of Pennsylvania. They were in the hands of a local jobber who was unaware of the bogus character of the stamps.

House at Madison Struck.

Madison, Wis., May 2.—Lightning struck the residence of Carl Schoppe, 133 South Butler street, Sunday morning. The bolt struck the chimney, knocked off several bricks and destroyed part of the roof. The shock was felt, but no one was injured.

Boy Killed Near Saugeen Bay.

Sturgeon Bay, Wis., May 2.—George Sauey, the twelve-year old son of a farmer, was killed by lightning Sunday night. He was playing with a sister when the bolt came through the ceiling, stunning the mother and sister and killing the boy.

Strike at Kenosha Settled.

Kenosha, Wis., May 2.—The strike at the Badger Brass works, which has been for some months, has been adjusted, and the shop has become a union shop, entitled to the use of the union label. The old workers have all been taken back.

Escaped Convict Captured.

Green Bay, Wis., May 2.—Charles Schaler, who escaped from the reformatory several days ago was recaptured by Supt. Thomas in this city this afternoon.

Earth's Production.

The value of the average annual production of the earth has been estimated at \$10,000,000,000.

ADJOURNMENT MAY OCCUR WEDNESDAY

NEW BILL INCREASING TAXES OF RAILWAYS.

Measure Defeated by the Assembly—Forestry Bill Killed—Senate Adopts Resolution Honoring Dewey—Conference Committee Appointed in Both Houses on Railway Tax Bill.

Madison, May 2.—[Special]—An attempt was made this morning to introduce a new bill increasing the taxes of the railroads, but the move was defeated by the senate. The bill would have increased the railroad taxes about \$150,000.

The forestry bill was killed in the assembly.

The assembly adopted the senate resolution honoring Dewey.

Senator Martin's caucus bill was considered in the assembly and concurrence refused.

Senator Mills' bill to prevent discrimination against union labor, went to a third reading.

A conference committee was appointed in both houses on the bill relating to taxation of street railways.

The senate took a recess until this afternoon, after disposing of a number of minor bills.

Adjournment will probably occur Wednesday morning.

BANDIT WAS EXECUTED

Juan Caballero, Who Terrorized the Helguin District—Attempt to Rescue Him.

Santiago, May 2.—[Special]—Juan Caballero, the bandit chief, whose depredations terrorized the Helguin district, was executed at Mayari. Friends attempted to rescue him, but were driven off with two wounded.

PRESIDENT RETURNS

President McKinley and Party Arrived at Washington This Morning from New York.

Washington, May 2.—[Special]—President McKinley and party arrived this morning from New York. The president was greatly benefited by his trip.

Western Men Would Control.

Washington, May 2.—Republican members of the house from those states in the west that will not present candidates for the speakership are organizing with a view of influencing the policy to control in the organization of the house. It is said to be the purpose of the combine to withhold pledges of support for the speakership until the situation has so developed that they will be able to act together in the election of a speaker acceptable to their section of the country.

To Take Up the Atkinson Case.

Washington, May 2.—The circulation of the anti-imperialistic documents admitted to have been sent out by Edward Atkinson of Boston has been officially called to the attention of Postmaster-General Emory Smith, and the matter is now awaiting official action. In all probability it will be taken up for discussion at today's cabinet session.

Increase in the Public Debt.

Washington, May 2.—The monthly statement of the public debt issued Monday shows that at the close of business April 29, 1899, the debt, less cash in the treasury, amounted to \$1,172,587,264, an increase during the month of \$23,081,701. This is accounted for by the payment of \$20,000,000 to Spain in settlement of treaty obligations.

Gen. Wade Is Appointed.

Washington, May 2.—Brig.-Gen. James F. Wade was Monday assigned to the temporary command of the department of the lakes, in addition to the command of the department of Dakota. Gen. Wade will relieve Brig.-Gen. Michael V. Sheridan, who will in the future serve as adjutant general of the department of the lakes.

Ex-Senator Palmer Better.

Springfield, Ill., May 2.—Former Senator John M. Palmer, who has been confined to bed for the last few days, suffering with kidney trouble, is much improved. The senator and wife left for Carlinville, where they will spend the summer, returning to Springfield in September.

Murdered in Cold Blood.

Cheboygan, Mich., May 2.—Dan Gillis, a well known resident, was murdered at Supervisor David Bowen's farm, near Onaway, Saturday evening. It is thought the murderer was waiting to kill Bowen on his return from the supervisor's meeting, and in the darkness mistook Gillis for Bowen and shot him dead.

Gift to the Nebraska Boys.

Omaha, Neb., May 2.—Nebraska citizens cabled \$2,350 to the surgeon of the First Nebraska regiment, Manila, to be used as a hospital fund for the sick and wounded Nebraska soldiers, the regiment having suffered more than any other during the campaign. The money was contributed in five days.

BELOIT COUPLE WED HERE

Ceremony Performed in the Bower City Last Sunday.

A wedding that caused a surprise in the Line City was performed in this city Sunday.

The contracting parties were T. D. O'Connor and Mrs. Nina Northrop, both residents of Beloit.

The bride was until recently city librarian in the Line City and is a young lady known and esteemed by many.

Elections in Indiana.

Indianapolis, Ind., May 2.—Elections were held throughout Indiana Monday in the incorporated towns, electing boards of trustees, clerks, marshals and other officers. In none of the contests were party lines tightly drawn, and in the great majority of the elections there was no distinction of party at all, the issues being mere local questions. The vote was much smaller than usual on this account, though in some of the towns the contests were warm and the vote abnormally large.

WILL ASK REMOVAL OF GENERAL TORRES

PRESIDENT MCKINLEY DECIDES TO MAKE THE REQUEST.

Reason Is Because of the Oppressive Conduct Toward American Merchants Trading There—The Cruiser Detroit Will Remain at Bluefields Until the Controversy Is Settled.

Washington, May 2.—[Special]—The president has determined to ask the Nicaraguan government to remove Gen. Torres a governor at Bluefields, Nicaragua, because of his oppressive conduct towards the American merchants trading there.

The cruiser Detroit will remain at Bluefields until the controversy is settled.

Discussion of the Nicaraguan affairs in official circles here are taking a serious turn. Brea Broadly intimated that the navy department dispatches have been intercepted. A cablegram will be sent to the American commander at Bluefields, today and should it elicit no answer, another warship will probably be sent there.

THE RIVER IS RISING

Danger of an Inundation at Menominee, Mich., Is Not Past—Crew Worked All Night.

Menominee, Mich., May 2.—[Special]—The Menominee river continues to rise and the danger of an inundation is not past. A crew of men worked all night throwing up a dyke on Reindle street to prevent an overflow of the residence portion of the town. Over 1,000 logs, owned by J. A. Doherty, of Green Bay, pulled on the shore of Green Bay six miles north of the city, were swept out last night.

Will Enjoy a Trip

Senator Jones, Who Has Been Seriously Ill, Sailed for Europe Today.

New York, May 2.—[Special]—Senator Jones, chairman of the democratic national committee, who has been seriously ill, sailed for Europe today.

LAI TO FINAL REST

Bodies of 350 Soldiers from Cuba and Porto Rico Buried in Arlington Cemetery.

Washington, May 2.—[Special]—The bodies of 350 soldiers brought from Cuba and Porto Rico were buried in Arlington cemetery this afternoon.

Cereal Trust Yet Possible.

Akron, Ohio, May 2.—It is stated that a reorganization of the American Cereal company is about to take place. It is proposed to increase the capital stock from \$3,500,000 to \$22,000,000. It is understood that the same persons who are interested in the present company, will control the new organization.

Pacific Cable Is Settled.

London, May 2.—In the house of commons Monday Sir Michael Hicks-Beach, in reply to a question by Mr. Webster, member for St. Pancras East, said that a decision in the matter of the Pacific cable had been arrived at, and that the papers relating thereto would be presented to the house immediately.

Dewey Given Full Power.

Washington, May 2.—Admiral Dewey has been given authority by the navy department to make any changes in the personnel of his fleet that he may deem proper and require, in the interest of the service, without references of such matters for action at Washington.

Intend to Blow Up Mine.

Boise, Idaho, May 2.—Word just received here that 500 miners from Gem left here Monday with the intention of blowing up Bunker Hill mine. Wardner union miners, it is said, will aid them. The sheriff is powerless to do anything. No troops have come in yet.

MANY SOLDIERS NEEDED AT ONCE

Wardner, Wash., Is in a State of Terror.

STRIKING MINERS ARE IN A FRENZY MOOD.

One Company of Twenty-Fourth Infantry Left Spokane This Morning, and Another Company Will Leave Walla Walla for the Scene of the Troubles—Bulletin Received Says There Is General Alarm Owing to the Sudden Return of a Number of Armed, Masked Rioters—Secretary of State Sinclair Wires for Troops

Spokane, Wash., May 2.—[Special]—One company of the Twenty-fourth infantry left here this morning for Wardner. Another company will leave Walla Walla some time today.

A bulletin from Wardner early this morning says the town is in a state of terror, owing to the sudden return of a number of armed and masked rioters.

Secretary of State Sinclair wires from Wardner that five hundred soldiers are needed at once.

Rioting at Wardner, Idaho.

Wardner, Idaho, May 2.—There were no disturbances in the mining district Monday. A considerable number of non-union men left on the train, and also a few strikers. Citizens are in dread of further outrages from now until the arrival of troops.

Chicago, May 2.—Maj.-Gen. H. C. Merriam, commander of the department of the Colorado, has gone from Denver to Wardner to investigate the miners' strike and rioting. The general has placed at his disposal any of the troops available, whether in the department of Colorado or not.

SITUATION IS SERIOUS

Rebels At Apia Control the Food Supply—American Store Was Looted.

London, Wellington, N. Z., May 2.—[Special]—A dispatch says the situation at Apia is serious, as the rebels control the food supplies and are again drawing nearer the town after withdrawing into the interior. The orders for a cessation of hostilities sent by their government is condemned by the English and Americans, who believe that serious consequences will result in Mataafans, if not promptly subdued by force. The American vice consul's store at Fafala, was looted, while the German store adjoining was unharmed.

ORDERS FROM MADRID

Must Evacuate Positions Without Waiting to Be Relieved by Americans.

Madrid, May 2.—[Special]—Orders have been sent to the Spanish garrisons at Zamboanga and in the Sulu islands to evacuate their positions and return home without waiting to be relieved by the Americans.

FORECAST OF WEATHER

Chicago, May 2.—[Special]—Forecast for Wisconsin: Showers tonight Wednesday, cooler.

FORMER LOCAL DIVINE WEDS

Rev. John F. Fleming, Once Pastor of the Baptist Church.

At the Clarendon street church in Boston, at high noon, April 27, was performed the ceremony that united as man and wife Miss Evalena Stow Chapell, daughter of Rev. Frederic L. Chapell, dean of the Gordon Missionary Training school in Boston, and Rev. John Frank Fleming, who was at one time pastor of the Baptist church of Janesville, and is a brother-in-law of Mrs. A. P. Lovejoy, of this city.

The best man was Mr. Edwin F. Lilley, of Milford. The maid of honor was Miss Harriet Chapell, a sister of the bride, residing in Philadelphia, where she is connected with the Baptist publication society.

The bride wore white silk poplin en train with a garniture of pearl trimmings, the corsage being pointed with duchess lace. Her bridal veil was of tulle fastened with a spray of lilies of the valley, of which delicate flowers her bouquet was also composed.

The bridesmaid was gowned in pink silk and carried a large bunch of yellow and red carnations.

A Quail a Day.

Wichita (Kan.) Spec. New York Press: A kaky panther owned by a gentleman of this city has completed the task of devouring a quail per day for 30 consecutive days. The little animal which is somewhat of a pet, did not seem to object in the least to the diet apportioned her daily, but toward the last did not go at her task with the zest which she displayed in the beginning. Considerable money was wagered on the possibility of the little animal performing the feat.

THE POST OFFICE.

As will be noted by Janesville people, there appears in another column of this issue, an advertisement calling for bids for a site for the new postoffice building, with a description of the land required. Several bids will probably be submitted to the Treasury Department, and the matter will be handled through the regular channels of the department.

Janesville people should now show their patriotism, and give the department free rein. We are all residents of the same town, with interests in common. What is good for one of us, is good for all of us. Therefore there should be no unseemly scramble in the matter of the post office site—the building will belong to the people, no matter where it is located. There should be no sectionalism, and no controversy. The treasury department has full authority to settle the matter, and will do so. A fight in this city can have no bearing on the case, and will only embarrass the officials and the people.

More than this, it will delay the work, for if feeling is stirred up the department, without changing its decision, will wait, doubtless, for the storm to blow over before announcing its conclusion.

The interests of the government are more to the officials of the treasury department than are the interests of the people of any one section of this city, and the department will doubtless decide the matter on that basis. Uncle Sam is spending the money, and will suit himself first. If he sees fit to put the building on the West side, East side people should say "amen." And if he selects an east side site, west side people should say "amen."

The building has long been needed, and will be a credit to the town. Therefore Janesville people should all pull together, and place no stone in the way of an immediate commencement of the work. Rock river should not be allowed to divide the people of this goodly city against each other. A division of sentiment has cost Janesville many enterprises that have helped the city. Now let us inaugurate a new order of things and present a solid front on all questions that involve the progress and prosperity of the city in which we expect to dwell together as one family until the end shall come.

CHICAGO TAGALHEADS.

The Chicago "anti expansionists" are ahead of their subject. The question of expansion is not yet before us, and the people who hold mass meetings for the purpose of attacking the government under the cloak of expressing "anti-expansion" sentiment are no better than the civil war copperheads. When war ends, and peace and order is restored, the subject of "expansion" will be before the people, but not until then. We cannot tell what we will do with territory until we get possession of it. After the American army has been in control of the Philippines for a time, and things get to running smoothly, we can tell what sort of a fish has come to our net, and decide what to do with it. In the mean time every good citizen owes allegiance to the flag. We are at war with a hostile people. Our soldiers are the target for Mauser bullets from the front, and the abuse of Tagal heads from the rear. But the same sort of agitation was kept up during the civil war, and its effect is known to everyone. The United States is a big country, and its people are patriotic. The "anti expansionists" of the Chicago stripe may continue to call the soldiers "bullies" and hiss the name of the president—as the copperheads did in Lincoln's time—but the flag will stay up now as it did then. As Stephen A. Douglas said, "There can be but two parties in the country—Patriots and traitors," and the man who stands for the stars and stripes can never be called a traitor.

Cuba is awakening to a new destiny. The advent of American methods and American enterprise is marked by a wonderful commercial development. Exports are increasing and business is on the boom.

The people who attended the Chicago mass meeting at which the government

was cursed and the army and navy denounced, should remember that General John A. Dix once issued an order that has lived ever since—"If anyone attempts to haul down the American flag, shoot him on the spot!"

The sockless statesmen who pride themselves on the simplicity of the "dollar dinners" should not forget that four pretty good dinners can be bought for a dollar, these days, and that the principle of "plutocracy" is not changed by the amount of money involved.

The marriage license law goes into effect on Friday, and during the five days following no weddings can be solemnized in Wisconsin except by the order of the court.

And one year ago, this was "the day after," and it didn't snow, either.

Good evening! Did you get moved all right?

EXCITEMENT ON FULTON STREETS
Team Runs Away—Female Tramp Tumbles at the Cat Flit Town.

Fulton, May 2.—There was some excitement on our streets last Monday. Little Clare Boothroyd was driving a span of horses, hitched to a lumber wagon, through the town, when they suddenly started and ran into a fence, and furnished a post, and pulled pickets. Finally the wagon caught in passing a tree and the boy was thrown out but fortunately was not hurt, though thoroughly shaken up. The wagon was damaged some and the harness also. F. H. Pease went to Chicago on a business trip last Thursday. The acting by the pupils of the district school a few weeks ago, was so much of a success, that it is to be given in Stebbinsville next Friday night. The hard rains have washed the roads somewhat. Saturday night lightning struck Mr. Pearson's tobacco shed, damaging it slightly and killing a calf. The girl tramp that visited Janesville some days ago was on our streets last week. She said she had walked from Stoughton and was going to Milton. Miss Annie Louden and Miss Libbie Gravin came up from Janesville on their wheels Saturday morning, intending to go back Sunday afternoon, but they were obliged to leave their wheels and be satisfied with a buggy ride. They were guests of Miss Harriet Lee. Fred Sutherland is spending a few days with his uncle, Ellsworth Green. Mr. Green has moved the greater part of his goods to Edgerton, where he expects to engage in business. Arbor day will be observed by the schools here with appropriate exercises, and it is hoped all who can do so will encourage the children by attending. Mr. Webster Hill, of Kenosha, spent Sunday with his mother.

TOWN OF RICHMOND ROAD WORK
Two Hundred and Fifty Dollars. Raised Sowing Finished by Next Week.

Richmond, May 2.—One hundred dollars has been raised by the town board for work to be done on the hill fronting Ambrose Hare's residence, and one hundred and fifty for the new marsh road. By the first of next week sowing of all kinds will be about done. Those having pasture to let this year are receiving very good prices for it. Albert Stark has purchased a grey team of horses of Jim Moore. Clark Harris has his well completed, with ninety feet of water. Peddling wagons of all description are seen in this section of the country. The oldest son of Mrs. Woodard is ill with the grip. Howard Peterson took a business trip to Shopiere recently. Henry Stoller drew hogs for his grandfather last week. Dave Underwood is working for C. Earnest with his team through spring work. Those receiving sample copies of this paper will be called on by the local agent, G. Parrish in a short time, who will be pleased to take subscriptions from those wishing to continue reading the Gazette.

An Unsolved Question.

The energy of the discharge of a 13-inch gun loaded with smokeless powder is equal to the energy of nine forty-ton locomotives running at the rate of a mile a minute, and one twenty-ton locomotive running at the same speed thrown in. No battle ship has yet received the shock of such a blow. What bolts will draw, what plates will warp, what leaks will develop when it occurs can but be conjectured.

VETERAN IN RIVER
BY BELOIT BRIDGE

C. A. COX THOUGHT TO HAVE BEEN KILLED.

Pension Receipts, That Were Dated April 13, Found in His Pocket—From All the Indications He Had Been in the River Two Weeks or More.

Beloit, Wis., May 2.—[Special]—The body of Charles A. Cox, a union veteran, was found in Rock river this morning. Cox was killed and then put in the river as far as the appearance of the body shows.

Officers are seeking an explanation here and in Illinois, as the body was found below the state line.

The find was made near the lower bridge, south of the city, early this forenoon. The body was somewhat bloated and looked as if it had been in the water many days. Marshal Appleby had the body examined and it was declared that there was every reason to suspect foul play.

The case was turned over to the Walworth county authorities as the dead man lived in Troy, that county. He was well dressed and seemed in fair circumstances. Receipts found in his pockets showed that he belonged to the Eleventh Wisconsin volunteers. The pension receipts were dated April 13.

Fourth to Be Mustered Out.
Augusta, Ga., May 2.—Few volunteer regiments not engaged in active service have done more good work than the Fourth Illinois infantry, which will be mustered out of the service here today.

FIRST MEETING OF THE NEW COUNCIL

A VERY BUSY SESSION FOR THAT AUGUST BODY.

Dr. G. W. Fifield Elected Health Officer—Ordinance Introduced Providing For Election of Street Commissioner by Council—Geo. M. McKay on Fire and Police Commission.

The first regular meeting of the new common council was held last evening at the council chamber, Mayor Richardson presiding and all members present. Journal of last meeting read and approved.

The bonds of Henry Hemming and D. W. Watt, city assessors, were received, accepted and placed on file.

City Clerk Badger stated that notice of personal injury had been served on the city by Mahoney & Ryan as attorneys for Nellie Finnane, who claims to have been injured on April 5th owing to a defective sidewalk on Madison street near Mineral Point avenue.

H. McElroy and John Cunningham as attorneys for H. G. Gagan, claim damages to the amount of \$860 to his tobacco in the basement of the building, 51 North Main street.

John Soultan filed notice and claim for damage to tobacco stock at 49 and 51 North Main street. Claimed that damage amounted to \$214.50.

The claims were referred to the judiciary committee, who were granted further time to report.

The applications of D. K. Jeffris to erect a building 86x100 feet fronting on North River street, and to build a shed for lumber across the race, were granted.

Street Commissioner Fredericks' report was read, stating that he had had the sidewalks inspected and repairs made where there was danger of accident. He asked further time to make his final report, the request being granted.

Alb. Gilkey reported favorably on a batch of bills against the several funds. Adopted.

J. W. Hogan, who had neglected to qualify as constable of the Fourth ward, was re-elected.

Thomas Croft has been engaged to take care of the city parks.

The following orders were adopted:

For a new sidewalk in front of lot 8, block 36, Prospect avenue; for new walks in front of lots 5, 6, 7, 8, 9, 10 and 11, block 1, Smith's addition, Center avenue; also for repairs on Chatham street between Center and School; for new walk on Prairie avenue, also to remove tile gutter on Prospect avenue at the intersection of Cornelia street, and to make a paved open gutter in its place.

Directing the city clerk to advertise for bids for lumber, cedar blocks and sewer pipe for the ensuing year. bids to be in by May 15th at 8 o'clock p. m.

Granting permission to Hayes Bros. to use a portion of south Main and Milwaukee streets for building material used in repairing their building.

Granting T. G. Gaffey permission to move a building from lot 60, Smith, Bailey & Stone's addition to lot 20, block 11, Railroad addition.

That three disinterested free-holders be appointed to determine the extent of the damage to the building owned by the estate of Randall Williams, situated on a part of lot 10, in Williams, Church and others subdivision, being just north of the west side engine house, it being damaged by Sunday morning's wind storm. Mayor appointed Edward Rathnam, William Ross and George W. Colgan.

Directing the city clerk to draw an order on the general fund for \$25 to be used toward defraying the expenses of memorial day.

A petition by Marion J. Mitchell and William L. Mitchell was introduced requesting permission to remove block paving so as to remove the curbing and set in new across in front of the Mitchell block, on West Milwaukee street. Petition referred.

The clerk was directed to procure four locks to be used by the street commissioner.

An ordinance was introduced providing for the election of a street commissioner by the council instead of by the people. Referred to judiciary committee and action postponed until the regular meeting to be held May 29.

The appointment of George M. McKay as a member of the Police and Fire commission was confirmed.

The council proceeded to the election of health officers. Ten ballots were run, resulting in the election of Dr. W. Fifield.

WYOMING WHOLESALE BUSINESS

Rock River Cotton Company Makes a Purchase in Beloit.

H. V. Grovesteen & Son, wholesale paper dealers at Beloit, have sold their stock and good will to the Rock River cotton company, of Janesville. The deal was closed last week and the last of stock was shipped to Janesville today.

The firm of H. V. Grovesteen & Son, being in the paper trade fifteen years, was a conservative, successful business. The senior member of the firm is a veteran in the paper business, one of the pioneers of the west in the line. For over forty-six years he has sold paper. As far back as 1851 he was an agent for the mills of Wright & Trill at Rockton, before there was paper manufactured in Beloit.

HESS AND BOLDNAU WERE TALKATIVE

LEFT GERMANY CHARGED WITH LARCENY.

Prisoners Taken to Waupun by Sheriff Appleby—Hess Received Several Callers at the Jail This Morning—Letter From Germany Shows Boldnau Up as a Bad Man.

Karl Boldnau, the German farm hand who went to the state prison at Waupun this noon for six months because he stole \$54 in cash, had rather a checkered career when he resided in Germany.

A letter has been received from Germany bearing the information that Boldnau left his native land to escape punishment for larceny.

The evidence against him is said to be of a convicting nature and the crime a serious one.

Rather than return and face the charge Boldnau has preferred to remain in this country, sending money to his wife each month who still makes her home in Germany.

When questioned as to the reason why he left his home to cross the water, Boldnau stated that it was because he wanted to seek his fortune in America and not because officers in Germany were anxious to cause his arrest.

Hess Holds Reception.

At the jail this morning Jack Hess received numerous friends who called to see him prior to taking his departure this noon.

The fact that Hess is dangerously ill and may never live out his prison sentence of one year no doubt induced several of his old acquaintances to call and bid him good bye.

Hess said that he expected to be given light work when he reached the prison and that he hoped to return to Janesville when his prison term expired.

In charge of Sheriff Appleby, Hess and Boldnau left this noon for the state prison at Waupun.

SURVEY FOR BASTILE SITE

New Jail will be Twenty-five Feet From Park Street.

Surveyor Brown took the necessary steps today towards locating just where the foundations for the new county bastille will be placed.

The building which will be erected at the corner of Park and South Second streets will be set back twenty five feet from Park street and will be twenty feet south of south First street.

A distance of 80 feet will be between the rest of the building and the river.

Supervisor Rathnam, Rathnam and Godfrey of the county board and Contractor Peters were at work assisting Surveyor Brown.

THE STATE MEDICAL SOCIETY

Dr. James Mills of this city on the program.

WILL ERECT CHAPEL HERE THIS SUMMER

THE DIRECTORS HELD SPECIAL MEETING THIS MORNING.

Plans Will Be Asked for at Once by Special Appointed Committee—Street Car Company May Soon Extend Their Present Line Farther Into the Cemetery.

Directors of the Oak Hill Cemetery association held a special meeting this morning and decided on the erection of a chapel.

The edifice will be of Gothic architecture, built of stone, and will be complete in every detail, costing in the neighborhood of \$1,500.

Near the present public vault it is the intention to erect the sacred edifice, work to commence and be completed this summer.

Directors E. E. Loomis, W. H. Judd and W. T. Sherer were appointed as a committee to secure the necessary plans and specifications.

This morning at the cemetery the directors met Superintendent Hurd of the Janesville street car company.

The directors proposed to Superintendent Hurd that he extend the street car line beyond its present terminal till Mount Olivet cemetery was reached.

From this point it was proposed that the car line be extended west several rods distance which would land passengers into Oak Hill cemetery, within a few feet of the graves.

Oak Hill cemetery association directors will allow the street car company free use of the ground on which to lay tracks and will also erect a comfortable waiting room as would also the Mount Olivet cemetery association directors.

Superintendent Hurd said he recommended the plan and would at once lay the matter before George W. Blabon at Philadelphia who is the main street railway stockholder.

prices will not be cut.

If there is any one thing which a purchaser of a bicycle dislikes, it is to get a wheel in the earlier part of the season and then see his neighbor get one for one-half what he paid. We are in this business to stay and we are running our concern upon a business basis. We have figured our stock down closely and made the very best prices we can and have made them to commence right in the beginning of the season. There will not be one cent cut in the prices made during the year 1899. A very slight cut in our figures would make us losers on the sale. All we ask is an interview and we know we will be able to convince you that we are selling the best wheels for the least money in the fairest way.

Easy to buy A Watch. . .

The man or boy that does not carry a time-piece these days evidently does not care to. Certainly the price does not stand in the way. We sell for the boy a warranted nickel case, American movement Watch, a good time keeper at \$3.00. The same Watch in size for men, \$4.00. These Watches are especially nice for camping, bicycling, hard work of any kind where a high priced Watch might suffer. They keep splendid time and answer every purpose.

THE BASEBALL REPORT.

Games Played Yesterday in the National and Western Leagues.

While Burns' men were taking a day off, St. Louis, which has not lost a game except to the Rancheros, continued its winning streak at Pittsburgh yesterday, and Philadelphia retired with a ten-inning tie at New York. Boston, which does not yet appear to have struck its gait, lost to Baltimore yesterday. Brooklyn beat Washington by one run and Louisville split even with Cleveland in a close double-header. The games:

Women to Work for Peace.
Indianapolis, Ind., May 2.—Mrs. May Wright Sewall, chairman of the American branch of the international women's peace committee, organized to promote the cause of peace by a universal international demonstration of women in favor of the aims for which the czar's peace committee has been convened, has determined upon a programme. This plan is in harmony with that adopted by the other nations represented in the international committee. Women everywhere throughout the United States are asked to arrange for holding mass meetings of women in their respective communities on May 15.

Flower Believes in Higher Tax.
New York, May 2.—Ex-Gov. Roswell P. Flower, who is at the head of great enterprises which will have to pay large sums of money under the terms of the Ford franchise tax bill, declares that he is in complete sympathy with the object which that measure seeks to attain. Mr. Flower said that the justice of taxing franchises had passed out of the debatable stage and he believed the directors of street railroad, telephone, gas, telegraph and subway companies would be wise to pay willingly a fair tax for the privileges they have been given.

Lynches Colored Barnburner.
Memphis, Tenn., May 2.—Information has been received in Memphis that Willis Sees, a negro, aged about 30 years, was taken from jail at Osceola, Ark., Sunday morning at 1 o'clock, and hanged in the jail yard by a mob of forty men. Sees was in jail on a charge of barn burning. After being suspended in midair twice the negro confessed, and was then hanged. Several houses have been burned in the neighborhood recently, and this is given as the reason for the lynching.

Arrest Canadian Indians.
Montreal, May 1.—A report has reached here via Cornwall, Ont., that a posse of Dominion police visited St. Regis Indian reservation this morning under command of Chief Shearwood, to arrest the ringleaders in the election trouble about a month ago. It is said one man was killed. Twelve were arrested. Further trouble is expected. The American Indians, it is feared, will take part in the trouble.

President Leaves New York.
New York, May 2.—President McKinley started for Washington at midnight via the Pennsylvania railroad from Jersey City. He declared that his visit to New York had been a benefit to him. Yesterday he visited the navy yard. He took a look at the Yosemite, soon to sail for Guam, and went on board the Glacier, which is to carry beef and other navy stores to Manila.

PHILIPPINES ARE PAID FOR.

French Ambassador Receives the Purchase Money.

TRANSACTION NOW CLOSED.

Formal Receipt for \$20,000,000 Signed and the Sum Placed in Bank—Madrid Government Is Advised of the Proceedings by a Cablegram.

Washington, May 2.—The last move in the negotiations terminating the war with Spain occurred Monday, when Secretary Hay paid to the French ambassador, Mr. Cambon, the \$20,000,000 provided by the treaty of peace for the cession of the Philippines. The payment was made in four treasury warrants of \$5,000,000 each and was received for by Mr. Cambon as completely liquidating the obligation of the United States in this connection.

The ambassador deposited the \$20,000,000 in the Riggs National bank of this city and the cashing of the warrants is expected to be made later through the City National bank of New York. The Spanish government was notified by cable of the payment, but nothing will be done as to forwarding funds to Europe until Spain directs the exact course to be pursued.

Assistant Secretary of the Treasury Vanderlip Monday handed to Secretary Hay the drafts for \$20,000,000, to be turned over to the Spanish government through Ambassador Cambon. The state department at once sent word to the French ambassador that the warrants were in hand, and would be turned over to him at any time. Shortly before 11 o'clock Mr. Cambon strolled over to the department. He was alone and no extra precaution was taken to guard the transfer of such a large amount. Secretary Hay received the ambassador in the diplomatic room, where the transfer took place with little formality.

The ambassador handed Secretary Hay a formal receipt, which had been already prepared.

After receiving the \$20,000,000 Mr. Cambon folded the four warrants and put them in his card case. He and Secretary Hay chatted over the speedy restoration of diplomatic relations between the United States and Spain, for this payment marked the very last step of the war negotiations.

Mr. Hay desired to know when the duke d'Arcos would arrive in Washington. Mr. Cambon said he thought the Spanish minister would come in about two or three weeks, still he was not certain of this, and he said this had been left largely to the duke's personal convenience.

A cable notification was sent to Madrid concerning the payment and preparations made for having the warrants paid and the funds forwarded.

BIG STEEL COMBINATION.

Rumor of an Immense Deal Involving Many Millions.

New York, May 2.—The Times prints a story saying that the rumors of an immense combination of steel interests were practically confirmed last evening by John W. Gates, president of the American Steel and Wire company, who returned from a European trip on Saturday. The combination, unless the present plans of the promoters are changed, will include practically all the big concerns of the country, and will have a capitalization of between \$700,000,000 and \$800,000,000.

Much Suffering in Alaska.
Seattle, Wash., May 2.—Sixty prospectors arrived here from Copper River, Alaska, on the steamer Excelsior. They brought with them a repetition of the stories of privation and death, and many bore evidence on their bodies of the ravages of scurvy and frost.

DON'T GO IT BLIND.

THERE'S NO NEED TO IN JANESVILLE.

The Way Is Almost Hedged With Guide-Posts.

Have you ever read a newspaper article, a glowing account of a medicine told in elusive words to lead you on, and found it ended up with a promissory medicine advertisement? Made you angry, didn't it? And were you convinced of the merit of the article? We think not, because it told the experience of some stranger in a far-away town. To take his word for it was like "going blind." It's a very different thing when a statement is prescribed from a citizen, from people we know, and that's the case here.

Mr. H. P. Hanson, of 103 Pleasant St. engineer, employed at the Janesville Machine Co. says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills. I highly recommend this reliable remedy to others." Doan's Kidney Pills for sale by all dealers. Price, 50 cts. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large splashes on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely." It is a valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swift Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Janesville Carriage Works.

**More Than Seven Hundred Men Leave
Their Work—Three Large Mines Agreed
to Pay the Wages Asked For—Labor
Troubles Elsewhere.**

Indianapolis, Ind., May 2.—Seven hundred or more miners in the southern Indiana coal fields went on a strike Monday. The men are demanding that they be paid on the same basis as the miners in central Indiana—that is, 65 cents a ton for screened and 40 cents for unscreened coal. President Mitchell of the United Mine Workers was notified during the day that three of the largest mines in the district had agreed to the scale.

Cleveland Workmen Out.
Cleveland, O., May 2.—Two hundred fathers struck Monday for an eight-hour day and \$2.50. Before noon they had secured what they asked for and returned to work. Two hundred plasterers also struck for \$3 a day of eight hours. About fifty hod-carriers went out on a demand for an advance from \$1.50 to \$2 a day. Seventy-five structural-iron workers also struck for 35 cents an hour and an eight-hour day.

Trouble with Toledo Carpenters.
Toledo, O., May 2.—Monday was the time set for the strike of the Toledo carpenters unless the contractors agreed to a nine-hour day at 25 cents an hour. A few of the men went out, but the larger contractors gave in, and it is thought that all differences will be settled without trouble.

Ohio Mine Workers Strike.
Massillon, O., May 2.—President William Morgan of the United Mine Workers of this district has ordered a strike owing to a controversy with the operators. The question at issue is whether the men shall be furnished with props for use in their work at the spot where they are working.

Plate Glass Strike Settled.
 Alexandria, Ind., May 2.—The big strike at the American plate-glass works was settled Monday, and operations have been resumed. The management claims to have gained its point by breaking the strikers' organization.

New Sphere for Germany.
 Berlin, May 2.—It is the belief in political circles here that Great Britain having relinquished the open door in China and given her adhesion to the sphere of influence policy there, Germany must follow suit. The Tageblatt says: "The first consequence of the Anglo-Russian agreement must be that Germany, too, must declare the Hoang-Ho Valley to be her sphere. It would be a far-reaching error were Germany to confine herself to the province of Shang-Tung."

Big Convention for Laporte.
Laporte, Ind., May 2.—The call has been issued for a monster convention of the young people of the Illinois conference of the Swedish Lutheran church, to be held in this city in June. The district includes Chicago, East Chicago, South Bend, Elkhart, Michigan City, Chesterton and St. Joseph, Mich., and it is proposed to bring thousands of active young church workers together for a conference.

Disagree as to the Cont.

Washington, May 2.—On account of the difficulty of reaching a unanimous conclusion as to the cost of the proposed water way the Nicaraguan canal commission has not yet submitted a report, and is not expected to do so for some time. Until the report is submitted the president will not appoint the isthmian canal commission, authority for which was given in the river and harbor appropriation bill.

Wisconsin River Booming.

Marquette, Wis., May 2.—The Menominee river and its tributaries are at high-water mark and are still rising. Four dams in the Eagle Nest river, a tributary of the Peshtigo, were washed out, causing \$30,000 damage to the Peshtigo Lumber company. Streams are widened twenty feet and banks torn away. Serious damage is apprehended all along the Menominee.

SHIPBUILDING AND IRON

How the Metal First Came to Be Used.

In Nautical Construction.

The story of the use of iron as a material for the construction of ships is full of interest. Iron was long ago used experimentally for building boats; several references to these crude attempts will be found in the annual register of last century. Grantham quotes from a publication dated July 28, 1787. The writer says: "A few days ago a boat built of English iron by J. Wilkinson, Esq., of Bradley Forge came up our canal of this town, loaded with 22 tons and 15 hundred weight of its own metal, etc. It is nearly of equal dimensions with other boats employed upon the canal, being 70 feet long and 6 feet 8½ inches wide; the thickness of the plates with which it is made is about five-sixteenths of an inch, and it is put together with rivets, like copper or fire engine boilers, but the stem and stern posts are wood and the gunwale lined with the same; the beams are made of elm planks. "Her weight is about eight tons; she will carry, in deep water, upward of 32 tons, and draws eight or nine inches of water when light." It is extraordinary that such hints as these should have fallen dead. Was there no shipbuilder with an eye swift to witness the enormous possibilities latent in these little canal experiments? A small iron

boat was launched in August, 1815. She was fitted up in Liverpool as a pleasure boat. Hundreds viewed her as a curiosity. She was sunk maliciously in the duke's docks, as though some Daniel Quilp of a workman, foreseeing iron as an issue if this boat was suffered to go on hinting, had put an end to her. Her owner raised her and sold her for old iron, "but the loss of this boat," he says "turned my attention to the practicability of making an iron boat which could not be sunk by any ordinary means."—Fall Mail Magazine.

Germans Hope War Will Soon End.

Berlin, May 2.—The newspapers of Germany, commenting upon the latest news from the Philippine Islands, express the hope that the United States will now end the hostilities in the far east. The Vossische Zeitung, basing its comment upon private advices from the Philippine islands, says that the continuance of the war is inflicting grave injury upon German commercial interests, and details a number of cases in support of this assertion. The Vossische adds that these claims will probably lead to protracted diplomatic negotiations at Washington.

Washington, May 2.—The state department has received a long report by cable from President Schurman of the Philippine commission of the conference that was held at Manila between the commission and the representatives of Aguinaldo. The text of the dispatch was not made public, but it was stated that Mr. Schurman's report agreed precisely with the press statement of the proceedings in the conference cabled from Manila.
